AMENDMENTS TO THE AGENDA

Mr. Fields would like to move the Adjudicatory portion of the meeting to the first item on the agenda.

Motion: Mr. Parker made a motion to amend the agenda and move the adjudicatory portion to the first item of business on the agenda. This motion was seconded by Dr. Boethel and passed unanimously.

Mr. Bass turned the meeting over to Ms. Lindsey Hunter, Assistant Attorney General.

ADJUDICATORY HEARING

Charles Duhon, Case No. 1404 – Mr. W. Allan Lilly, Attorney at Law, represented Mr. Duhon and was present in the meeting room. Mr. Montgomery asked the commission to adopt the Charge Letter dated December 8, 2009 as LDAF #1 and to accept the letter as finding of fact and conclusion of law in case no. 1401. Mr. Lilly informed the commission that Mr. Duhon admits to the allegations in the charge letter.

Motion: Dr. Boethel made a motion to accept the Charge letter as finding of fact and conclusion of law in this case. This motion was seconded by Mr. Parker and passed unanimously.

Mr. Fields presented the recommended penalty of \$2500 with \$1500 suspended, probationary period of one year beginning on April 16, 2010 under the following 3 conditions (1) Respondent not violate any Louisiana Pesticide Law or any rule or regulation adopted by Commissioner of Aggravation or Structural Pest Control Commission during the 1 year probation (2) Respondent shall attend and successfully complete one of the approved Comprehensive Termite schools during the one year

OLD BUSINESS

Mr. Montgomery – signing of affidavits and signatures of licensees

Mr. Montgomery responded to Mr. Kunst question about signing of affidavits and signature of licensees. Mr. Montgomery stated that there are provisions in the regulations that provide if an applicant cannot get a licensee to sign off because licensee is dead or his whereabouts are unknown or he refuses to sign, then the commission can accept the licensee upon the department's confirmation of that work experience. Mr. Montgomery's opinion is a licensee who refuses to sign unless he gets paid is refusing to sign and is allowing the licensee to use an alternate procedure.

Mr. Montgomery said if the licensee who is signing it is required to incur out of pocket expenses for a person to make an application; there is no issue with that licensee getting reimbursed for his actual out of pocket expenses for obtaining the affidavit.

Mr. Fields said that it's the applicants' responsibility to pay the notary fee, if the licensee decided to pay that would be a decision they would jointly make.

NEW BUSINESS

NPDES PERMITTING – Bobby Simoneaux

LDAF is working with Dept. of Environmental Quality and there is now a draft of the NPDES permit.

ELECTRONIC REPORTING – Tyrone Dudley

The contractor has signed the contract and is now ready for the Commissioner to sign, after that we can proceed in with the developer to proceed with the new website. The third party on the contract, that will accept payment, is PAYPAL. Division of Administration is optimistic that by July 1st that LDAF should be able to accept

electronic payments. The Contractor that is doing the development of the site will begin beta testing on May 1st for about 14 days.

LPMA – Jeff Porter

Mr. Porter said that there were 14 of the 19 LPMA Board Members present in today's meeting. Each board member introduced themselves to the commission.

Mr. Porter introduced the new LPMA President, Gary Wehlen. Mr. Wehlen asked the commission to not support House Bill 574.

Motion: Mr. Kunst made a motion that the Commission consensus is that it does not want to support this bill. This motion was seconded and passed unanimously.

MOSQUITO MISTING SYSTEMS – David Fields

Mr. Fields gave the criteria for Mosquito Misting systems. If the Mosquito misting is not attached to the structure in any form including a fence, then you could do this with Mosquito Control Certification and owner/operator license under the Advisory side of pesticides Certification. If the Misting system is attached to a structure, you must be licensed, permitted and registered under Structural Pest. If it is an agricultural structure on Agriculture Animal only, then you would need Ag Pest certification with an owner/operator license under the Advisory side of pesticides certification. A structural pest operator can install a Mosquito Misting system around any individual household. If it is where the general public gathers (churches, schools, apartment complexes, athletic fields, etc.), you must be licensed and certified in Mosquito control.

CONTRACT REVIEW COMMITTEE – Bob Kunst

The committee met and discussed the New-Construction Contract with Arbitration, New-Construction Contract without Arbitration. The Pre Construction that was in place is still in place for those who want to use that.

Motion: Mr. Kunst made a motion to adopt these as approved contracts for use. This motion was seconded by Mr. Foster and passed unanimously.

RULES COMMITTEE – David Fields

The committee reviewed the Draft dated March 31, 2010 and asks the commission to approve adoption of this phase of the rules.

Motion: Mr. Foster made a motion to approve the Draft dated March 21, 2010. This motion was seconded by Dr. Boethel and passed unanimously.

BAIT STATION TESTING – Bob Kunst

Mr. Kunst asked Dr. Henderson, LSU AgCenter to read the paper on the decay process of baits and comment on it.

Motion: Mr. Kunst made a motion to refer this paper to the research committee and recommend that it investigate the possibility for doing this type of research for funding that might be available for LSU to perform this work. This motion was seconded by Mr. Foster and passed unanimously.

APPOINT RESEARCH COMMITTEE

Research Committee appointments: , Commissioner Mike Strain , Dr. Bill Richardson, Dr. David Boethel, Mr. Gary Wehlen, Mr. Jeff Porter, Ms. Lois Caffey, Mr. Steve Chiek, and Mr. Floyd Simpson.

Motion: Mr. Foster made a motion to accept the recommendations for appointments to the Research Committee. This motion was seconded by Mr. Parker and passed unanimously.
